

The purpose of this assessment is to determine your current language and literacy skills (learning, reading, writing, speaking, and listening).

In this assessment, you will be required to complete **TWO short activities** that will demonstrate your fluency in language and literacy. This will help identify any areas of support needed to help you successfully complete the unit of competency - *CPSCWHS1001: Prepare to Work Safely in the Construction Industry*.

This assessment does not contribute to the training and assessment process of the White Card Course and will not count towards your performance in the unit of competency.

Assessment Activity 1

Complete the table below by providing a brief outline of each sign. In your answer consider, what does the sign mean, what should you do and not do if you see this sign.

Assessment Activity 2

Your manager asks you to work on a roof that is 4 metres high.

There is no fencing or barrier around the roof and you have not been provided with any personal protective equipment.

Your workplace procedure states that there must be a barrier or fencing around the roof whenever there is work to be carried out on the roof.

Using the scenario above complete the following question.

What is the hazard/risk in this job?
